

PI offers a full range of very helpful documents for download or purchase, all of them intended to help you to engineer and commission PROFIBUS, PROFINET, IO-Link and omlox as well as MTP and SRCI devices and networks. On the following pages, there is an overview on the available documents plus information how you can obtain them. **As a member of PI, you may download pdf-files free of charge from the PI Website www.profibus.com** (not included: printed books). If you are not a member of PI, you may purchase them at the nominal fee indicated below. For your order, please use the [order form on the PI Website](#). Our terms of payment and delivery are shown on the last page.

Installation Guides www.profibus.com/download/installation-guide

Please note: Members can download all of the following documents free of charge from our website!

Title	Order-No.	Available Language	Nominal Fee € Non-Member
PROFIBUS Installation Guideline for Design	8.011 8.012	German English	<i>free download</i>
PROFIBUS Installation Guideline for Cabling and Assembly	8.021 8.022	German English	<i>free download</i>
PROFIBUS Installation Guideline for Commissioning	8.031 8.032	German English	<i>free download</i>
PROFIBUS Interconnection Technology	2.142	English	<i>free download</i>
PROFINET Installation Guideline for Design	8.061 8.062	German English	<i>free download</i>
PROFINET Installation Guideline for Cabling and Assembly	8.071 8.072	German English	<i>free download</i>
PROFINET Installation Guideline for Commissioning	8.081 8.082	German English	<i>free download</i>
PROFINET Planning Redundancy Guideline	8.131 8.132	German English	<i>free download</i>
PROFINET Cabling and Interconnection Technology	2.252	English	<i>free download</i>
PROFINET Conformance Class A Cabling	7.072	English	<i>free download</i>
PROFIsafe – Environmental Requirements	2.232	English	<i>free download</i>
Wireless Networks Coexistence in PROFINET Infrastructures	7.202	English	10.000 €
PROFIBUS RS485-IS User and Installation Guideline	2.262	English	<i>free download</i>
Functional Earthing and Shielding	8.101 8.102	German English	<i>free download</i>
Engineering Guideline Ethernet - APL	8.121 8.122	German English	<i>free download</i>

Terms of Payment and Delivery

- **Orders and deliveries in Germany:** All nominal fees are net prices, excluding packaging, shipping and VAT. Payment net 14 days, no discount. The invoice is your order confirmation. The items are property of PROFIBUS Nutzerorganisation e.V. until full payment is settled.
The minimum order value for non-members is EURO 40.-.
- **Orders and deliveries to foreign countries:** In addition to the above-mentioned terms of payment, the following terms are in force. Members' nominal fees are only granted to all paid-up full members of PI / an RPA. Shipments to foreign countries are dispatched by United Parcel Service or DHL. We will charge you the full shipping costs and bank fees. Files are delivered by e-mail.
The minimum order value for orders from abroad is EURO 70.-.
Orders from EC countries without VAT-Identification Number can NOT be processed.
- **Orders from America** will be forwarded to PI North America and processed (shipped, invoiced) directly from there:
PI North America, 16101 N 82nd St. Suite 3B, Scottsdale, AZ 85260 USA, Phone: 480-483-2456, Fax: 480-483-7202, usa@profibus.com
- For information about PROFIBUS, PROFINET, IO-Link and omlox as well as MTP literature offered in your country, please **contact your Regional PI Association (RPA)**. Contact details see
- www.profibus.com/pi-organization/regional-pi-associations/
- **PI offers FREE download of PROFIBUS, PROFINET, IO-Link, omlox and MTP documentation to all full members of PI.** Non-members may purchase the documents as described on this literature list. If you are interested in ordering a special document or a printed version of a document which is not listed on this list, please contact info@profibus.com for a quote.
- Please use our [Order Form](#) for your order.

Terms of Payment and Delivery: see page 10
